November, 2008

Fort Myers' Oldest Flying Club

President's Message by Eric Graham

Hello Cub Clubbers!

We have had a challenging year for the economy in 2008 and it probably is not over yet. However, the Cub Club has come through it fairly well. The hours have been down some and the price of fuel has been over the top but we have managed to keep the planes flying enough to cover the fixed costs we have to incur.

Remember that we have annual board members to elect each year in December. Our nomination committee is hard at work vetting prospective nominees. If you can find the time or if you have any one in mind that would like to serve, please contact Steve Hall and let him know. The election for the 2009 officers will occur at the December general meeting.

All in all the year has been ok for the club and we are able to keep the reserves in place and set aside some money towards reducing the loan on the 182. That in light of the times has been a significant accomplishment thanks to all those who have participated. We value each member in the club and thank you for your ongoing participation. While we are somewhat biased, we feel we have the best club in the area and certainly have the seniority of any club around as we have been here since the 50's.

Since this is my 2nd to last article for the newsletter, I want to give special thanks to Charlie Carroll for

his efforts in keeping our airplanes in pristine mechanical condition and Terry Voorhees for his efforts in the activities area along with Al Ledet who has taken over the safety officer position. He is organizing our CFI's with an agenda of getting instructor consistency with regard to check rides and instruction. Al obtained his CFI last year and has some terrific ideas for safety and consistency in training. Let us not forget Chris Kidder who has done an outstanding treasurers job and has obtained his CFII designation as well (thanks Chris). Sherrie Lorenz gets a Scooby snack as well for promptly issuing our newsletter each month keeping us all informed of what is going on.

We are all looking forward to 2009 with a new board and new officers who will keep the tradition and activities going. Please commit some of your time and effort for the club it is fun and very interesting to be involved. Some of my best friends have come from the association with folks within the club environment and I can attest to the fact that there is more rewards than effort so take advantage of it.

One last thing is to be sure to attend this month's general meeting as a special guest is here to go over mapping for aviation. He is engaged in the process and knows it like no one else. Get your questions answered by the fellow that has the answers. **A must attend event for you all.**

With that said, happy flying till next month and I know that things are still up in the air.

Regards,

Eric S. Graham

Board President

Page Field Aviation Day 11-15-08 -by Sherrie Lorenz

One of the most popular events of the year is right around the corner! Page Field Aviation Day! November 15th at Page Field, on the North Ramp by the Tower. Festivities begin at 10AM when the gates open to the public, and go until 4PM. This is a great way for the general public to come and see and touch our beloved airplanes, and get to know a little bit about the

(Continued on page 2)

Be sure to checkout the Cub Club website at www.cubclub.net!

Airport Security (con't from Page 1)

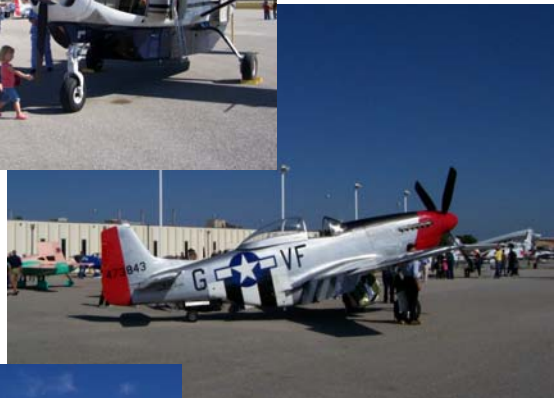

General Aviation world. These are some photos from last year's Aviation Day... It was great, and this year promises to be even better! Airplane owners all over Page Field bring their airplanes out and happily answer questions about flying.

There are bouncy houses & shows like JJ The Jet Plane for the little kids, vendors with all kinds of aviation and airplane themed goodies for sale, live music, plenty of food booths with all kinds of yummy offerings, and of course, AIRPLANES!

2007 Aviation Day

From different rotorcraft and fixed wing piston aircraft all the way up to very cool jets. You can even buy a ride in a helicopter and see the City and the River from the air! It is a great place for the whole family to spend the day, and it gets bigger and better every year. The Cub Club will certainly be there again this year, with our Cessna 172 Skyhawk, One of our Piper Archers, and our Cessna 182 Skylane. We will also be offering a membership special too! So mark your calendars and don't miss the big event this year! See you all there!

Page Field KFMV 10AM—4PM

Awesome Annual Event.

Fun, food, music and airplanes!

Great event for the whole family!

DON'T FORGET –

THE CLUB'S MEETINGS ARE THE SECOND TUESDAY OF
EACH MONTH, AT THE

RSW TRAINING CENTER, 7PM.

KEEP UP WITH THE LATEST. ATTEND!!!

Announcements...

CONGRATULATIONS to Sherrie Lorenz, our newest Instrument Rated Pilot!!!

.....

CAUTION: When entering or exiting the Archers, please watch where you step... There have been footprints found on the wing *outside* of the non-skid step areas...

.....

NOTICE: Use the aircraft securing checklist in the hangars! Throttle locks and control locks are being forgotten. Make sure we are all leaving the planes properly for the next pilot...

.....

NOTAM: Southwest International (RSW) has issued an alert for increased jet traffic along the coastline over the Fort Myers Beach area, between 1,600 and 4,000 feet, inbound to Runway 6 at RSW. Use additional caution when transitioning this area.

Board Meeting Minutes — Synopsis, October, 2008

The board of directors met on October 22, 2008. Below is a synopsis of the business discussed at that meeting:

Meeting called to order 7:02 PM.

Previous Meeting Minutes read and approved. Treasurers Report— Financials reviewed. Reviewed aircraft hours and reserves. Looking at short term CD for better interest rate on bank balances. Appointed committee of Kent, Chris & Larry to look over aircraft reserves and examine possible reallocations for the future. Maintenance Report— Discussed possible avionics upgrades for aircraft and possibly tracking hours on vacuum pumps. Also, mags should be checked before aircraft shutdown. When centering prop, turn in proper direction or vanes can be broken on vac pump. Also checking on backup vacuum pump for 933CC. Membership— Reviewed new members. Activities— Aviation Day: Coordinator Terry Voorhees, membership special, promotional items to be ordered, budget approved. Hangar Christmas party in December, GPS seminar scheduled for Jan, General meeting guest speaker, FAA wings program meeting with food by Tomlinson and door prizes by Switlik for Nov general meeting. Need to make meetings fun and encourage attendance. Important for our charter. Safety Officer— Reviewed Al Ledet's proposal for CFI coordination and regulation. New Business— 2009 Board nomination committee Steve Hall, Kent & Chris. Club shirt options to be checked into by John, he needs our club logo.

Meeting adjourned 9:02 PM.

The next board meeting will be held November , 2008 at 7PM at the Page General Aviation Center.

Membership Report

by Steve Hall

I have one new applicant for the Members consideration.

Robert Schneider

Robert is a single 33 year old student/ want to be pilot. Flying has been his dream, but school and building his practice has kept him from fulfilling that dream. Robert grew up in Cincinnati Ohio, and after completing Dental school five years ago, he moved down to Fort Myers to start his business, "Avalon Dental Studio".

Robert just found out about the Cub Club, and is very anxious to get started!

Maintenance Report by Charlie Carroll

933 CC:

Vacuum pump replaced

944 CC:

No Repairs

955 CC:

Battery jumped

New battery

Washed.

9490X :

No Repairs

The weather is great, clear skies and cooler. Get out and enjoy your planes.

Thanks to all who contacted me with problems or just questions. That helps make it easier to keep everything in good shape. ----Charlie
