October, 2009

Fort Myers' Oldest Flying Club

President's Message by Terry Voorhees

Hello again everyone!

If you were not able to attend the BBQ on 2 October, you missed a good one. The food was terrific, the beverages were ice cold, there was music for entertainment and the socializing was fun. It was a real pleasure to have Barry Bratten, the new Airport Director for Page Field, spend the evening with us. Thanks to the committee of volunteers; Bob Schultz, Dean Martin, Kent Reisdorph, Jim Meyersburg, Paul Thomas, Orv Curry, and Doug Pritchard. Great job, you guys.

SEPTEMBER STATS

Aircraft hours:

3521Q	29.3
944CC	30.4
9490X	26.7

Robert Schneider	17.2
Mike Banks	5.1

wheeled machine backwards and steering it from the back as well. It is especially tough when there is a shortage of muscle power to assist. To make this procedure somewhat safer we've installed parking stripes at each hangar to help keep the airplanes correctly aligned. Be careful, and if you need assistance ask the fuel truck driver.

As we move towards the latter part of the year, I think about succession planning for the Club. Our directors serve three year terms and because the By Laws prohibit successive terms, we lose three or four each year. 2009 is no different. The Cub Club is primarily a not-for-profit "social" club that is operated much like a business, with the Board acting as the management team. To the extent you are interested in serving as a director, call me.

See you at the Field.

Terry

I've heard it said the most difficult thing about flying is getting the airplane back in the hangar safely. There is something about pushing a three

Cub Club BBQ Awesome!

- by Doug Pritchard

On October 2nd, great weather and great food combined at the Foxtrot hangar picnic pavilion to make the Cub Club BBQ another resounding success! Those that helped and those that attended seem to enjoy themselves from start to finish. We had perfect weather, a beautiful sunset, good music, great

food and Paul Thomas brought 3521Q out of its hanger so we could pet it. Barry Bratton, the new FMY administrator was very impressed with 3521Q, saying, "I have never seen a club plane in such good condition." And having Bob Schultz to help as a cook was a first in tower relations, and he did a great job. Our youngest participant was Amelia, just 2 months old.

Mark, Denise & Little Amelia

Our volunteers helped out so that nothing was overlooked or not done. The picnic area over in the Foxtrot hangars was just right for our BBQ, once Kent Reisdorph strung up his lights and chased off a few bugs. And a special thanks to the EAA for loaning the Club their slick shiny BBQ grill...

UPCOMING CLUB EVENTS

Cub Club General Meeting
Tuesday, October 13, 2009
RSW Training Center, 7PM

RSW / Page ATC Tours
Contact Doug Pritchard or Sherrie Lorenz
 Tours are being organized for both
 RSW and Page ATC Facilities
 Sign Up for the next one!

Page Field Aviation Day
2nd Saturday in November 2009
 Mark your calendars for one of the biggest
 Aviation events of the year!

DON'T FORGET, THE CUB CLUB GENERAL MEEETINGS
ARE HELD ON THE SECOND TUESDAY OF EVERY MONTH,
AT THE RSW TRAINING CENTER, AT 7PM
KEEP UP WITH THE LATEST... ATTEND!!!

***** WIN FLYING TIME!!! *****
DRAWINGS FOR "FLYING BUCKS"
ARE HELD AT EVERY MEETING!!!

Announcements...

Please be careful when pushing the planes into the hangars. There are yellow alignment marks on the back wall in every hangar. The nose wheel should be on the centerline!

Lines have been painted on the ground at each hangar for easier guidance

If you need more assistance, ask the fuel guys for help!!!

.....

Don't forget that the CUB CLUB LIBRARY is full of DVDs, books, study aids, magazines and other goodies that are available to our members at any time. So go take a peek and pick up a little something! Just please be sure to return the items promptly when you are done so others may enjoy them as well. Thank You!

Board Meeting Minutes – Synopsis, September, 2009

The board of directors met on September 16, 2009 at 6:35 PM. Below is a synopsis of the business discussed at that meeting:

Kirchner reported that there was \$590 income this month, with reserves being fully funded. The operating funds borrowed are expected to be repaid by the end of the year, unless there are unusual expenses. Kirchner explained that allocation of reserves is limited by IRS regulations, so money must be accumulated in designated accounts. An example is money set aside to paint N944CC, which may not be spent for several years. Hall reports that he has no membership applications to present at this time, but has had several inquiries. The new member promotion will be offered at Page Field Days as a recruiting incentive. Initiation will be reduced by 50% for new members who join November 14.

The board discussed the damage to N3521Q's horizontal stabilizer, which occurred when the plane was being pushed back into the hangar. The board will consider putting lines on the pavement to assist in aligning the planes when pushing aircraft back into the hangars. This will help prevent a recurrence of this problem. Pritchard discussed the plans for the October 2 cookout. The EAA will donate use of their grill, and there will be no charge to the members for this event. The 2008 Financial Examination report was approved as previously presented. The aircraft cleaning committee recommended against having club members wash and wax the club aircraft. A lower price was negotiated from the current cleaning service, who will continue to clean and wax the aircraft. The cleaning will be done more frequently with the waxing being done every other time and aircraft are washed.

The meeting was adjourned at 7:55pm

The board meeting will be held on October 21, 2009 at 6:30PM. Any club member having concerns or questions about club operations should contact any board member.

UPCOMING FLIGHT INSTRUCTION CLASSES:

* *Private Pilot Ground School*

Cape Coral High School
Wednesday Nights, 6:00 - 9:00 PM,
8-26-09 through 12-9-09 Fee \$113.00

Maintenance Report

by Charlie Carroll

3521Q:

Landing light
Light on turn coordinator
Gas cap gaskets
Mixture control

944 CC:

100 hour check
New display for Com#2
Landing light
Right main tire
Right caliper re-sealed

9490X:

Knob on transponder
Auto pilot yoke switch

Planes are a constant work in progress and are in great shape. Thanks to all of you that call, even the most insignificant squawk is very important, in the big picture.

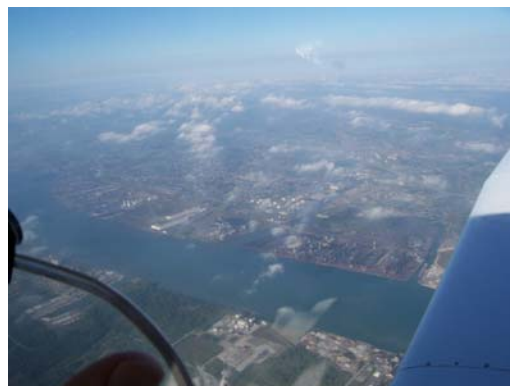

Safe Flying ---Charlie
