November, 2010

Fort Myers' Oldest Flying Club

## President's Message by Terry Voorhees

Hi Cub Clubbers!

Last weekend a small group of us flew the Club's C182, N9490X, to X26, Sebastian Municipal Airport, for the monthly "First Saturday" fly-in, sponsored by LoPresti Aviation. LoPresti, a manufacturer of aircraft "Speed Mods", provides a FREE breakfast, a forum for a community organization to get their story out and an aviation topic of the day.

On this day, LoPresti featured their soon to be produced Fury aircraft which has as its origin the 1940's Globe Swift. Famed test and acrobatic pilot J.W.

"Corkey" Fornof was the speaker. He did a great job sharing a number of his flying experiences, especially those associated with the James Bond movies where he was the flyer! Then Corkey went out to the Fury and put on a one-man air show. What a deal!

Need a reason to fly? LoPresti at X26 and many other aviation-themed events occur all over our state. Get going.

The annual election of Club directors is at hand. A slate of candidates will be presented at the November General Member meeting AND nominations will be accepted from the floor. As a club, and a business, we need members to get involved. Meetings, events, programs, the day to day operations of our aircraft and general managerial oversight by Directors do not happen by some magical process. They occur because members get involved and make a commitment to keep our Club strong and healthy. Is it your turn?

And don't forget, Page Field Aviation Day is Saturday, November 13th. Always a great day!

Keep flying...

## SPECIAL EVENT THIS TUESDAY!!!

It is with great honor we are pleased to announce that our special guest and speaker will be Major General Patrick Halloran, USAF (Retired).

He flew both the U2 and SR71 Blackbird spy aircraft! Ultimately he commanded the reconnaissance units flying those aircraft, and he has over 8000 military flight hours! As our guest at the November Meeting, General Halloran will share his experiences as both pilot and commander in a very historic period of military flight.

Tickets are \$15 per person, and are nearly sold out... so if you don't have your tickets yet, call Kent at (239) 825-7725 so you don't miss out! This will be a very special evening!

**Be sure to checkout the Cub Club website at [www.cubclub.net](http://www.cubclub.net)!**

## Membership

by Steve Hall

### Doug Goldman:

Doug is a 59 year old private pilot with 70 hours total time, 52 hrs. in C-152s, and 10 in C-172s. He began private pilot training in 1969 and earned his private pilot's certificate in 1981. Doug first joined the Cub Club in 1982 and was a member until 1985 when he gave up flying, temporarily. When his daughter, Sally, also becoming a member, returned to town this past spring and indicated an interest in learning to fly, he decided to take up flying again. It's kind of a package plan. Doug originally moved to Fort Myers from Indiana in 1972 to teach school. Doug is soon to be retired Lee County Schools Technology Specialist.

### Sally Goldman: (Family Member)

Sally is a 24 year old student pilot want to be. She is originally from Ft. Myers, but just moved back here from Gainesville, FL in May. She graduated from the University of Florida in 2007 and has returned to school to obtain a second Bachelor's in Civil and Environmental Engineering from Florida Gulf Coast University. Sally wants to use flying as a lifelong hobby and a chance to travel more often.

### Stephen Petrikes:

Steve is a 30 year old student pilot with 14 hours total time, 13 hrs in C-172's.

He has been taking lessons for his dad and Club member John Petrikes. Steve and his family are originally from Illinois, and have been in Fort Myers for the past 18 years. Steve manages the family business, "The Oxford house Apartments".

### Rhonda Culmer:

Rhonda is a 46 year old Flight Instructor/ATP with 5700 hours total time, 2900 hrs. in C-172's, 1600 hrs. in C-182's, and 30 hrs. in PA-28's. She earned her Private Certificate in 1995, and is currently a full time Flight Instructor. Rhonda is originally from the Bahamas, and moved to the States in 1995, she has been in the Fort Myers area for the past eleven years.

## Maintenance

by Charlie Carroll

There has been a significant problem with fowled plugs and bad Mag checks.

### PROCEDURES TO BE FOLLOWED FOR LEANING CUB CLUB AIRCRAFT

When taxiing lean the engine way back, without having an RPM drop. If there is a problem with a mag check follow the below procedure TO THE LETTER:

BRING THE RPM UP TO 2000.

LEAN ALL THE WAY BACK UNTIL YOU SEE A RPM DROP AND THEN MOVE THE MIXTURE TO EVEN OUT THE RPM AT 2000.

ONCE THIS IS DONE- KEEP THE MIXTURE LEAN FOR 1 FULL MINUTE . USE A TIMER IF NECESSARY

REDUCE RPM TO IDLE AND THEN PROCEED WITH ANOTHER MAG CHECK. IF EVERYTHING IS SMOOTH, YOU ARE DONE.

IF THERE IS STILL A PROBLEM WITH A MAG- REPEAT THE ABOVE PROCEDURE ONE MORE TIME. IF THIS DOESN'T CLEAR IT –

CALL CHARLIE IMMEDIATELY 239-281-3710

I hope this answers everyone's questions. Thanks to all of you that have called with questions and suggestions, they are appreciated. Do not hesitate to call me with a question. There are no insignificant questions.

Thanks--Charlie

## **Announcements...**

NEW TERMINOLOGY IN USE:

### ***“LINE UP & WAIT”***

What does it mean?

Remember “Position & Hold?” Well, this is the new term for the same thing. If you are issued this clearance instruction, it means you should pull your aircraft out onto the active runway and line up on the centerline, then wait for your take-off clearance. It is intended to save time and expedite departures at busy airports, and it is currently being used at airports all across the Country.

Just be sure to keep your eyes and ears open, and be on high alert... don't forget you are sitting still at the approach of an active runway!

.....  
**LATE FEES**

Effective October 1, 2010: Due to an increase in delinquent accounts, accounts not paid in full will be assessed a late fee of 1-1/2% or a minimum of \$5.00 per month, whichever is greater.

.....  
**INACTIVE DUES**

Effective October 1, 2010, the dues for “InActive” members was increased from \$10 to \$20 per month. This change was necessitated by the increasing number of “InActive” members and the ongoing and continuing fixed costs of maintaining aircraft which are logging flight times far below objectives.

## **Board Meeting Minutes — Synopsis, October, 2010 by Ellen Herr**

The officers and board of directors met on October 20, 2010 at 6:30 PM in conference room at the Page Field Aviation Center. Below is a synopsis of the business discussed at that meeting:

Kirchner reported that total flight time last month was 57.7 hours was an all time low for any month in the club history. The club presently has 134 members, including 42 inactive members. All accounts that are 90 days delinquent were reviewed and the board voted to dispose of several bills that were not collectible. Graham presented a report on his analysis of the financial status of the club, stating that recruiting and retaining active members should be a priority. The club will have all three aircraft displayed at Page Field Day, and is requesting volunteers to staff the booth and talk to potential members. A flight bag, headsets and pilot accessories donated by the family of John Wojicki will be raffled at our booth. The ½ off initiation dues special will apply for any new members joining in November. No member rewards will be given for current club members who recruit a new members at this reduced initiation rate. Meyersburg reports the modified sunburst logo option was selected by a membership vote as the club's new logo for communications including the website, stationery, etc. The design will be adapted by a volunteer graphic artist to clarify the image. The name change discussion has been put on hold at this time. Unsold tickets for the Halloran event have been given to the board members to sell. Any club member needing a ticket can purchase them from a board member. Orv Curry, Skip Bentley and Sherrie Lorenz are running for the open board position. Anyone interested in running for the 5 open board positions is encouraged to apply.

The board approved a change in the minimum number of hours per day that each pilot needs to fly when taking an aircraft on an extended trip request (more than 72 hours). Hours required per day was decreased from 2.5 to 1.5 hours, with the user being billed for 1/3 of the remaining hours not flown. The meeting was adjourned at 9:10

The next board meeting will be held on November 17, 2010 at 6:30PM. Any club member having concerns or questions about club operations should contact any board member.

## CUBBY'S CORNER

Member's Forum

**Got a question about the Cub Club? ASK CUBBY!**

THIS MONTH'S QUESTION AND ANSWER:

**Member:** "Hey, Cubby, I want to fly a Club airplane out of the country for a vacation. What are the Club rules?"

**CUBBY:** "Good question! Flights to the Bahamas are approved. Any other flights outside of the United States require prior approval by the Board of Directors. All pilots operating outside of the US must have 150 hours PIC or an IFR rating. And all pilots must be knowledgeable and conform to any rules and regulations governing flight into and out of the respective destination country. Thanks for asking!"
